

Annual Reports

2010-11

Activities and Achievements:

- 1) Vocational Training Programme:** During May 2010 Vocational classes conducted at Alwal in the trade of Paper/Jute bags making, Tailoring, embroidery and clay modeling for the backward class women by giving advertisement in local newspapers. Around 35 Participants

- 2) HIV/AIDS Awareness Programme:** During June 2010 the organization members campaigned HIV/AIDS awareness programme by wearing badges and holding pluck cards at Alwal, Malkajiri and Bollarum. The members educated the residents of local people of Ranga Reddy district. Precautions to avoid HIV/AIDS were elaborately discussed with the localites. Personal interaction with women proved very successful in conducting the programme. Mrs. Satyalaxmi patiently answered and cleared all the doubts to women during their discussions.

3) Health and Medical Camps : A health and medical camp was conducted during July, 2010 at Bollaram, Secunderabad for the benefit of poor people residing around bollaram and alwal. Dr. Satyalaxmi, in-charge, natural cure hospital, extended her services during the programme. Around 65 people were educated in the programme. Frequently arising problems like obesity, care during pregnancy, keeping healthy and to come over the depression etc., were educated to the women.

4) Consumer Awareness Programme: During August, 2010 the organization conducted consumer awareness programme for the benefit of consumers at Alwal Rytu Bazar and Bollaram market. The consumers were educated to be more cautious while buying goods from the vendors especially when they are weighting the vegetables. 18 volunteer members of the organization took part to educate the consumers. The programme was conducted for a week. The consumers felt happy by conducting such programmes and advised to conduct more such programmes at least once in fifteen days.

5) Low Cost Nutrition Programme: The importance of Nutrition food has become essential to educate the people to avoid health problems in their life. Nutrition food is essential especially for growing children and the pregnant women.

An awareness programme on Nutrition Food and its benefits was conducted during September, 2010 at Medchal of Ranga Reddy district. A practical demonstration was exhibited regarding the benefit of nutrition food. The benefits of micro oven food and its uses explained to the women & children. Preparation of varieties of salads, fruits and vegetable cereals and their benefits were elaborated to the participants. Mrs. Vijayalakshmi, a prominent nutrition, has extended here services to educate the people.

6) Family Counseling Programme : In present scenario there are many incidents which we come across in relationships of husband and spouse due to many reasons which affects the society very badly. To keep a track and control these disputes the organization conducted a family counseling programme during October, 2010 for dowry cases and joint family problems by eminent personality Mrs. Jhansi Laxmi Bai, Personal counseling advisor.

Various bad habits such as drinking, playing cards, races etc., made the human life miserable. The people who are once addicted to such habits are very difficult to come out of such habits. Mrs. Jhansi Laxmi gave some clues and tips to control these habits and slowly they even come out of such bad habits by following given guidance and tips. Dowry cases have come more and more as the money became very greedy for such people who actually think only about money but not about their attitudes in the society. Due to this many women are facing many problems at their in-laws houses to pull on their life. The specialist gave fruitful suggestions

and

tips to come out of such thoughts with the help of daughter-in-law and mother-in law. She jointly and separately made counseling to lead a peaceful life since the life is very short.

7) PMEGP – EDP Programme: KVIC, Hyderabad gave an opportunity to serve the youth of Mahaboobnagar by conducting an EDP programme for the beneficiaries of PMEGP in the district headquarters. The programme was conducted from 15th to 29th November, 2010. There were 18 beneficiaries who have been selected for grant of loans under PMEGP scheme in the district. The participants were provided with necessary stationery, lodging and boarding during the training period at Mahaboobnagar. The active members of organization extended their services during the period even in odd timings. The participants were very happy by our services and educated with all the necessary knowledge by the experienced faculty members to educate them. Opening Ceremony and Valedictory ceremony was conducted accordingly. Eminent personalities from local, Bank managers and director, KVIC were invited for the closing ceremony.

8) PMEGP Awareness programme : Khadi and village industries commission, Hyderabad advised the organization to conduct an awareness programme on PMEGP at Mahaboobnagar district. The programme was conducted on 30th December, 2010 at Mahaboobnagar by giving advertisement in Newspapers, local media and other channels. The programme was conducted to make awareness of PMEGP benefits to the people

especially those who want to get settled themselves by choosing their professions in their villages, towns. The programme was great successful as more 100 youth attended the programme. The youth patiently concentrated to know more about choosing a right path to elect the trade, training programmes, loans etc., The participants were provided with necessary needs like Tent, chairs, snacks, water and tea. The programme started around 11 AM in the morning and continued till 0400 PM. Around 20 members of our organization voluntarily extended their services to make success of the programme. They were very active and happy to serve the youth for the attending the programme.

9) Vocational training Programme : 18 women from the villages of Medchal of Ranga Reddy district attended four days workshop in eco-friendly paper bags making during January, 2011 at Medchal. The women were provided with stationery and snacks during the training period. The programme helped the women to earn the money by working at home in the

villages and their lead life little peaceful. Many of the trainees have shown much interest to learn professional courses and get settle their life. The paper bags and paper articles displayed in the exhibition and sold them. This activity encouraged the women as a lively hood programme and have shown much interest to conduct more such programmes.

10) Women & Child Welfare Activities: The Organization members visited Mother Teresa Old age home at Musheerabad during February, 2011. The aged people were served with food and made them happy by conducting various games and entertained them with mimicry and laughing tips by the members. The aged personalities were enquired about their health and their day to day activities. The members arranged their things properly and

adjusted their articles in respective places also arranged their beds. They were told many stories and made them to listen to light music and messages from god. The people became very happy and gave blessings to the members of the organization.

11) Programme against child labour: The child labour problem is growing more and more in the locality of Medchal, Alwal and Shamirpet. A programme to eradicate child labour was conducted by the members of the organization. The parents of children were educated with the benefits of their children education and the consequences of their families becoming labourers. The shopkeepers were also educated about the consequences of employing children in the shops. The problem is existing due to poverty and bad habits of people who fall below poverty line. The children were supplied with books, dresses and stationery at free of cost and encouraged them to attend the school regularly.

12) Global warming Awareness programme: The human life is stepping into very dangerous circumstances due to eradication of forests and environmental pollution by the human. The global warming is becoming a serious problem for the existence of human life on planet of earth as it is creating earthquakes, tsunamis, cyclones etc . The global warning the people against their life. This The mistakes made by the human such as cutting of trees, eradication of forests and converting into public living places, killing animals etc., made the human to think seriously about their existence on earth. An environmental awareness programme was conducted at Alwal, Secunderabad during the month of March, 2011 to make the public educated on environmental issues and global warming. A huge response came from the public and many of them voluntarily came forward to quit issuing the polythene covers, sheets etc., instead gave support to use eco-friendly paper bags.

13) Awareness on sanitation: The programme was conducted in slum areas of West Venkatapuram where the people live in juggies, by the side of nalas of the locality. They have been advised to keep their premises and children and themselves neat and clean to avoid any diseases which arise from the dirty stagnated water. They have been supplied with bleaching powder, chlorine and other anti-bacterial medicines.

14) Training to farmers on Horticulture: A training programme was conducted to women farmers (self help groups) of Panagal village of Nalgonda district on medicinal plants (Tulasi, Ginger, Mint, Lemon grass, Aloe-vera plants etc.,) for two days. The farmers have been educated about the medicinal plants growth, uses and market techniques. They are supplied with plants and seeds with free of cost by the organization.

15) Food process training: A training programme on food process was conducted for the vendors of road side for the women of Alwal. The programme was focuses on fruit juices preparation, squash preparation and storage techniques. The vendors have been trained to maintain cleanliness and quality in regard to hygiene of the customers.

16) Awareness on pollution: The global warming is becoming a huge problem for the existing of human kind in the universe. Due to rapid increase in using the vehicles, establishing of more factories, cutting of tress & forests made the public life miserable. The problem is increasing every moment. A programme was conducted on the issue at Secunderabad to bring awareness among the people. The people have been advised to use minimum vehicles in emergency cases, plant more trees, service their vehicles regularly and avoid cutting trees.
